

Application No. 09/897,778  
Supplemental Response to Restriction Requirement of November 16, 2002

REMARKS

Applicants wish to thank the Examiner for his telephone call of April 24, 2003 indicating that Applicants had unintentionally neglected to specifically elect a species in their response filed April 7, 2003. As noted by the Examiner, as per the amendments to the claims made in the aforementioned response, Applicants had intended to elect the species of the amino acid sequence of SEQ ID NO:176. Accordingly, Applicants hereby elect species SEQ ID NO:176.

The Commissioner is authorized to charge any additional fees due by way of this Amendment, or credit any overpayment, to our Deposit Account No. 19-1090.

Consideration of the claims is now requested.

Respectfully submitted,

Tongtong Wang et al.
